## COOPERSTOWN VICTORIOUS

Mohawk High School Defeated, 41 to 21, at County Seat Last Evening.

Cooperstown, March 10. — Cooperstown High school administered a severe trouncing to the basketball team representing Mohawk High school in the town hall here this evening. The score, 41 to 21, accurately measures the superiority of the local team. For Cooperstown Reid and Pitcher did conspicuously fine work, while Thumb and Hyde were the mainstays of the Mohawk quintet.

VARIOUS ISSUES  
SCORE HIGH MARKS

Movement Uneven in the Main, However; Prices More Susceptible to Profit Taking

New York, March 10. — Various speculative issues made new high records for the year in the stock market today. In the main, however, the movement was uneven and prices were more susceptible to profit taking. Studebaker again was one of the bull leaders, presumably in connection with its very favorable annual report. Other motors were active on better prospects for the industry, and automobile accessories advanced substantially.

Steels moved within narrow bounds for the most part, showing few net changes of more than fractions. The February bookings of the United States Steel corporation, showing another decrease of about 100,000 tons, was without visible influence.

Oils strengthened on improved trade conditions, Mexican Petroleum approximating the year's maximum quotation with heavy buying some of the European group. Gas shares were in steady demand, with other utilities, though giving way later.

Chemicals, textiles, shippings and merchandising specialties were moderately higher. Rails were brought forward when trading in other quarters was inclined to lag. Ann Arbor preferred, Western Maryland, preferred and Wisconsin Central were strongest of that division.

The money market was easier than on any preceding day of the week, call loans opening and renewing at four per cent and dropping to 3 1/2 per cent in the final hour.

A United States war bonds dominated a broad and fairly strong market. Victory 4 1/2 per cent new record at 100.00, an odd lot selling at 101. Most of the Liberty series closed at gains.

## THE ROMANCE OF WORDS

JACK.

WHILE this name is of course, the diminutive of John—or, rather, the Anglicized form of the French Jacques—it appears in English in a number of ways which apparently have no connection with the name. Among these may be mentioned boot-jack, jack-knife, lumber-jack, black-jack, Union-jack and jack-tar.

The reason for this usage is because the proper name or nickname, "Jack," has for many years past been applied in England to servants or laborers as a class. Jack is a handy and easy name for a waiter or a caddy, or a groom, much as many Americans apply the name George to any negro porter. For this reason, many appliances which are subject to rough usage or which perform the tasks of a laborer are known by the prefix "jack" with a noun which designates the use to which they are put. The expression "Jack of all trades" is another exemplification of the same usage, while the substitution of the name "Jack" for the "knaave" in a pack of cards is an indication of the hard usage which this gentleman undergoes at the hands of the queen, king and ace.

Methodist Basketball Team of This City Finds Business Poor With Presbyterian Quintet of Cooperstown—Wesleyans Badly Beaten.

The basketball team representing the First Methodist church of this city journeyed to Cooperstown last evening on business involving the Presbyterian quintet of that village. Business was poor, however, and Cooperstown completely outclassed the hardworking Oneontans, sending them home beaten to the tune of 32 to 17. Kerr performed brilliantly for the Wesleyans, Burdette, Wilsey and Smith were largely responsible for the good showing of the Cooperstown team. A return game will be played here in the near future.

Worcester High Proves Easy Meat for Unadilla Basketeers.

Worcester, March 10. — Unadilla High school finished their season in whirlwind fashion here tonight, when they slaughtered the Worcester High school quintet, 71-12. U. H. S. took the lead from the start and at half time the score was 26-10. In the last half the Orange and Blue five rolled 'em in from all corners and tallied 45 points to their opponents' 2. McMullin featured with some brilliant shooting.

## "The Wander City."

London radiates from two main points—first, the city of London, the center of which is the Royal exchange and the Bank of England; the city of London, the birthplace of the commercial life of the Anglo-Saxon race, and still the greatest financial and commercial city in the world; and, second, Westminster, the center of which is the houses of parliament—the birthplace of free institutions which have been followed in every part of the globe.—From Editor and Publisher, New York.

## Measurement of Ear Corn.

There seems to be no general standard measurement of ear corn. In some parts of the country the custom is to figure double the quantity of ear corn to that of shelled corn. The standard United States bushel contains 2,150.4 cubic inches, so in measuring ear corn the bushel would be 4,300.8 cubic inches. The weight of a bushel of dry ear corn is seventy pounds in every state except Indiana and Ohio, in which it is sixty-eight pounds, and Mississippi, in which it is seventy-two pounds.

## TAKE GUD'S

PEPTO-MANGAN

It is the Safe and Reliable Tonic

Used By Physicians for

Thirty Years

There are "new styles" even in medicines. A new "fad" comes, is popular for a while, and then fades out of public view. A remedy that has stood the test for thirty years must have remarkable merit and cannot be called a "fad." Such is Gude's Pepto-Mangan, originating with Dr. A. Gude of the century ago, which has helped many thousands of people back to good health by improving the blood. It contains iron in a special form easily absorbed by the system. It puts color into the lips and cheeks and improves the entire body by improving and enriching the blood. It is sold by druggists in both liquid and tablet form. If you want to be well and strong and look like and healthy, take Gude's Pepto-Mangan.

Since Spanish is not be- ing taught this year, this makes the rating of this school 100 per cent. — Emmet Root and family have moved to Cooperstown. Mr. and Mrs. Dallas Marcellus will reside in their house. — The Home Economics club will meet at the Community house on Thursday of next week, instead of Tuesday as usual. — The Chi Alpha, a new society recently started in school here, went to Norwich on Monday night to be initiated by the Chi Alphas there. Those of the fac- ulty who attended the ceremony were Principal E. W. Conrad and the Misses Tucker, Hyland, Stedworthy and Clibbey. This chapter is the second one in New York state to be started in a high school, Norwich be- ing the first. — The Rev. Belknap continued his evangelistic meetings in the Methodist church this week. — Her many friends will be glad to learn that Mrs. Charles C. Tiesch is recovering very nicely. She will soon be able to walk as well as usual again. — Mrs. J. C. Scribner has been ill at her home on Main street for several days. — Miss Queenie Ho- man of the Albany State college has been home for several days. — Un- less the weather man changes his mind again soon, Unadilla people will prepare for spring. Plans have been started several times, but the weather man has each time upset the plans.

Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound Makes This Offer

Cumberland, Md. — "My mother gave me Lydia E. Pinkham's Veget- able Compound when I was be- tween thirteen and fourteen years old and was going to school because I suffered with pains and could not rest. I did not have any more trouble af- ter that until I was married, then I was troubled in my back while carrying a child and could not do my work until I took the Vegetable Compound. I am strong, do all my washing and ironing and work for seven children and feel fine. I always have an easy time at childbirth and what it did for me it will do for other women. I am willing to answer any woman if she will write asking what it did for me. — Mrs. JOHN BEIER, 63 Dilley Street, Cumberland, Md.

Mrs. Beier's case is but one of many we constantly publish recom- mending Lydia E. Pinkham's Veget- able Compound. She is willing to answer your letter. Write to her.

**LOCAL CONSIDERATIONS.**  
 The City and the Trolley.

The abandonment of the Normal trolley line, which was on Tuesday last discussed before the Common Council, is still a matter of quite general consideration by the public. Petitions pro and con have been circulated, and to a considerable extent signed, and though the matter of the abandonment has not as yet been brought before the Public Service Commission, there is every reason to believe that it soon will be. It will be remembered in this connection that when trolley matters were last before the commission it was held by that body that conditions were not such as to justify an order to rebuild. Some improvements, however, were made in the service, but the patronage since that time has not been such as to confirm the belief that the company can ever rebuild. Moreover, a situation is to be faced is that the company cannot long continue to operate on the branch with safety to passengers carried.

There are, therefore, it now appears, three things which the company might possibly do. It might reconstruct the line, it might have the money, which at this time it has not; it might continue going on as at present, but with a certainty that at no distant day the branch will be entirely out of service; or it might give up the line entirely, taking up the rails and abandoning the service on Church, Center and Maple streets; and it is the opinion of many in the city that this should be done.

The trolley occupies a peculiar position among the traction companies of the state. It runs through an agricultural section, Oneonta being the largest municipality which it touches; and while it has numerous small villages, it in general traverses a sparsely settled territory. Its income from its operations is never been enough to pay dividends on stock, but only enough to pay interest on bonds and leave a balance inadequate to meet reasonable requirements for operation and maintenance. Under these circumstances, it is asked, would it be reasonable to ask the company to continue the short line at a loss, thereby making possible the discontinuance of the whole system, which is admitted to be one of the most important feeders to the city of Oneonta?

The whole community, there is no doubt, is vitally interested in the maintenance of the main line to Herkimer, and of the east and west line through the city. As for the Normal branch, the figures of its daily patronage do not indicate that it would be greatly missed by citizens, though its operation and physical maintenance are a constant source of loss to the company. But what is of importance is the main line, affording as it does valuable feeders and outlets to the city.

The patronage which the Normal line receives from residents of Brook and adjacent streets is not large, and the inconvenience would not be considerable. As for Church and Center streets, both are asking for early and adequate improvement, which is not possible so long as the trolley runs through each of them. Remove the line, and it is likely that in short time they would become among the most attractive residential streets of the city.

At the meeting of the council the matter of a bus line was considered, and an application for a franchise was informally made in case the trolley to the Normal is abandoned. Such a line, which could be more cheaply operated, either on a direct line from the Normal station to the union station or as a belt line over streets later to be agreed upon, would, it is believed, solve the problem by giving better service than at present is possible, and at the same time relieving the traction company from an unquestioned burden, which it does not appear that it will be able long to bear.

## Housing Situation—And Remedies.

There is no doubt that in Oneonta as elsewhere, the housing condition is very acute, nor any that the rents in many cases are higher than the average citizen can afford to pay. Appeal is therefore very properly made to property-owners and in general to men of means, that they do something to relieve the present acute situation. There are doubtless a considerable number of things which can be done, but two of them are outstanding.

One of them is that there should be some plan devised for the creation of more dwellings, either as tenements or as homes purchasable at reasonable prices. In this work men of means should cooperate with the Building and Loan association.

The other is that for such houses as are now available the measure of rents should not be the highest figure which can be extorted, but rather a fair one based on actual values and construction costs, keeping always in mind the fact that the city of Oneonta, the owners own a duty alike to the community and themselves to do the absolutely fair thing.

By the latter statement it is intended to convey that the continued prosperity of the city depends upon the possibility of inducing more individuals and more industries to come within its boundaries. If rents are high, families will not come. Moreover, one of the first questions to be asked by the promoters of a new industry is sure to be "what is the cost of housing accommodations?" If this cost is not reasonable new companies will not come and existing ones will not expand their plants. As a result opportunities which might have been offered will pass the city, or any city by; and in the end there will come the present and everybody will suffer the natural depression. The only way

## MEMBERS SHOULD BE ON JOB

SO DECLARES CONGRESSMAN CLARK IN DISCUSSING PROPOSED LAW

Efficiency and Economy Would Both Be Promoted by Reducing the Membership of House of Representatives, Says the Congressman—Measure Meeting with Support.

The following statement has been issued by Congressman John S. Clark relative to his bill reducing the membership of the house of representatives.

The question is often asked me, what I had in mind when I prepared my bill for reducing, by 50 per cent the membership of the house, increasing their salaries, and fixing the members for non-attendance or missing roll call.

1. I believe, in decreasing the membership of the house, we are centering responsibility and promoting efficiency and certainly encouraging the attention to the job that the people back home have the right to demand, and are never certain whether they are getting or not. I do feel that when a member is elected to congress he should be on the job continuously attending to the work of the committee of which he is a member, as well as working on the floor of the house. At the present time there is no effective way of knowing whether the members are attending to their duties or not, without a great deal of trouble.

2. I believe that the saving in printing and general expense to the government would be very large and certainly the Congressional Record would not be cluttered up with speeches that are never delivered on the floor of the house but are gotten into the Record for political effect exclusively, if the membership is reduced over one-half.

The criticism is made that the bill would increase the work of congress. Members of congress who cannot properly attend to their work with a secretary at \$2,500 and an additional clerk with a salary of \$1,800, should stay home.

The bill provides that members may be absent upon presenting a doctor's certificate as to their own illness or the illness of any immediate member of their own family; this must be sworn to by a physician. Members are allowed three days home each session, not including the time going to and returning from their homes by the most expeditious route.

The criticism is sometimes made that the committee already are not too large for the work they undertake. It is my judgment, after going through a year with one of the hardest, if not the hardest worked committees in the house, that the reducing of the committee by 50 per cent would interfere with the effectiveness of the work and I think might possibly speed up its work. There are committees that do not have but a few meetings each session and a study of the attendance at committees, I am certain would refute this theory.

A recent editorial in one of the papers says "No congressman will vote to kick the chair from beneath him." I do not believe this criticism fair, as I certainly have had several of my colleagues come to me and compliment me on the bill and endorse the theory on which it is drawn. As a result of the many suggestions received, some of which seem constructive to me, I intend to amend this bill so it will contain a provision limiting expenditures for members directly or indirectly, in excess of \$4,000. I think the term of congressmen should be extended to four years and believe the increase in salary will be an inducement to high grade men to seek the office.

The Constitution should be amended so the term of a representative in congress is made four years; it should begin January 1st, succeeding the election, instead of waiting thirteen months as we do now, before beginning our duties unless called in Special Session, for instance, members elected in November, 1922 will not take office in the ordinary course of events until December, 1923. They should begin their duties January 1st, 1923.

## Will Announce Candidacy.

Binghamton, March 10. — Representative John D. Clarke is coming to Binghamton Friday night, March 31, when probably he will address a meeting of Republican women. He will speak before the Men's Forum at the First Congregational church Sunday evening, April 2.

A leading member of the Republican organization said yesterday that Mr. Clarke may make announcement during his visit here of his candidacy for a second term.

"I have not the least doubt but that Mr. Clarke will make such announcement," he said. "And I have heard no mention of any other candidate."

## Annulment of Marriage Granted.

An interlocutory decree of annulment of marriage was granted by Justice A. L. Kellogg in supreme court chambers in this city yesterday in the action of Mrs. Mary A. Platt of Otsego to have annulled the marriage of her daughter, Eleanor Irene, to Henry Clapper, also of Otsego. They were married in July, 1920, the girl being at that time but 16 years of age. Claude V. Smith of this city appeared for Mrs. Platt. The action was not opposed.

## Makes a Good Showing.

The Delaware and Hudson company, according to a recent report of the State Public Service commission, stood second in the month of January for the number of passenger trains on time on the principal railroads of the state. Its percentage was 89, which is exceeded only by the Long Island, a road with practically all its trains operating in urban and suburban districts and in the main electrified. The New York Central stood 78 per cent and the O. & W. 76 per cent.

## Old Bible at Laurens.

Mrs. Christina Gray, writing from San Diego, Cal., where she is spending the winter, says, apropos of several notices of old bibles lately appearing in The Star, that she has at her home in Laurens a large family bible printed in 1712, but of which she does not remember the place of publication. A copy of a New York newspaper which she gives also the hours of departure of stage coaches from that city for Albany.

To keep people coming is to keep business going.

Those two suggestions are set forth in the hope that those who have the interests of the city really at heart will give them consideration.

## U. S. SCHOONER WITH \$400,000 WORTH OF WHISKEY IS SEIZED

"Just a Load of Fish" Skipper Tells Customs Inspectors, Who Find "Fish" to Be of the Scotch Variety

New York, March 9. — The American schooner Victor, loaded with more than 3,000 cases of American and Scotch whiskey whose value was estimated at nearly \$400,000, was seized by customs inspectors in the lower bay today and tied up at the Battery, pending court action.

James Brown of Brooklyn, captain of the schooner, and several members of the crew were taken to the customs house for questioning. Customs authorities were informed by the captain, they said, that A. Charles Kelley, owner of the craft, had ordered him to the Bahama Islands several weeks ago.

One night while he was asleep, the captain is reported to have said, the cargo wrapped in burlap, was placed aboard. The captain thought it consisted of coconuts. The next morning the captain said, he was instructed to sail immediately to a point off Nantucket lightship.

"This skipper and crew," said William A. Sanders, one of the customs officials, after the investigation, "are perhaps the nerviest ever brought in to this port. In broad daylight the schooner, without manifest or clearing papers, had the audacity to put her nose into New York harbor and head up the bay with this cargo under pretense of being a fishing vessel bound for Fulton fish market."

The customs searching squad was cruising about in the lower bay. Sanders said, when the Victor was sighted.

"Let us see you manifest," shouted one of the inspectors to the schooner's captain.

"I haven't any manifest, just a load of fish," called back the skipper.

The inspectors climbed aboard and searched the vessel.

The only fish they found, Sanders said, were three smoked herring and a can of sardines.

## Other "Dry" Tales.

New York, March 9. — Chief Prohibition Agent Switzer of the New Jersey district crossed the Hudson today, invaded Hester street on the East Side and seized 50 cases of whiskey in a tenement hallway. He had heard of an agreement between the New York and New Jersey bootleggers to swap stock. Along with the whiskey, Switzer captured four men who were held in \$1,000 bail each for a hearing on his complaint.

While he was thus occupied, Izzy Einstein and Moe Smith, the demon hooch hounds of the metropolis, were found smoking besides a choo-choo in a Chinese restaurant in Pike street run by Josh Cohen. Someone had written Federal Attorney Hayward that nobody interfered with Cohen's bootlegging because he and Izzy were cousins. Izzy denied any kinship after arresting Cohen and taking a gallon of liquor from his safe.

Meanwhile, the little British steamer Granville sailed away for Cuba with 2,200 cases of whiskey which had been closely guarded while she was tied up here for repairs. A coast guard cutter went out to sea with the Granville to see that she behaved lawfully.

## Second Body Found at Binghamton.

The body of Mrs. Margaret Reardon, who with two others was drowned in the Chenango river above Chenango Bridge on Sunday, Feb. 26, when an automobile, owned by W. Ross Nash of Johnson City skidded off the tump, was recovered Thursday afternoon on the Butterfield flats about one mile below the scene of the drowning. It had apparently been washed ashore by the high water which prevailed on Tuesday.

The body of Mrs. Mary Brady was recovered on Monday. As the two were sisters, it is probable that a double funeral will be held. The third body, that of Miss Josephine Casey, has not yet been recovered.

## Shuffle Dem Feet, Mistah Jackson.

Andrew Jackson, 32 and colored, was arrested early yesterday morning by a D. & H. detective, who caught the dusky gentleman riding through the city on a side door Pullman. When arraigned before Judge Huntington in city court later in the morning Jackson said that his home was in Richmond, Va., and that he was on his way to Albany, where he hoped to secure employment. He was told the way to Albany via East End, Oneonta, and advised to quit the city within 15 minutes or a penitentiary in the place of his desire—Albany—would shelter him for the next 90 days.

There are some brands of coffee that command a higher price than Otsego coffee, but there is none that has a richer, or more delightful aroma. Adv. 6t.

## PROMINENT MAN SUSPECTED

Dr. Floyd Corgill of Sherburne Arrested in New York City — Charged With Being Head of Gang of Auto Thieves Stealing Cars in New York City and Selling Them in Norwich and Sherburne.

Norwich, March 10. — Sheriff Leon M. Walworth and District Attorney Ward M. Truesdell left this noon for New York City with a warrant for Dr. Floyd F. Corgill, issued by City Judge J. M. Forsythe and charging grand larceny. Corgill was arrested Wednesday night on coming out of the Manhattan theatre and is being held as the head of a gang of automobile thieves who have been operating in New York City and vicinity stealing cars and selling them up-state.

Dr. Corgill is a chiropractor, formerly practicing in Sherburne, where, as the son-in-law of Rev. William Webster, pastor of the Baptist church, he had a good standing and made many friends. About six months ago he went to New York city and has been living at 155 West 73rd street. According to Captain E. J. McFeely of the Hoboken automobile squad, Corgill was the brains of a gang that has stolen at least 14 automobiles, six of which were sold to purchasers in Sherburne and Norwich. Sherburne buyers included Postmaster Harry J. McDonald, who bought a Hudson super-six after it had been stolen from Max E. Levy in New York in November. Supervisor J. F. Paddisford, James Kehoe and Floyd Brand. Two cars bought by T. D. Carter and Earl Hand of this city are in the custody of Sheriff Walworth, awaiting the replevin proceedings started by insurance companies to determine the ownership.

Sheriff Walworth is expected to return tomorrow night with his prisoner, whose relatives do not discuss his arrest, but are confident he will be able to clear himself of any intended wrongdoing.

## Prominent Norwich Man Dead.

The funeral of Allen Burdett Stewart will be held at 2 o'clock Saturday from his former home on Hayes street. Mr. Stewart was for more than 20 years an employee of the Norwich Pharmaceutical company as bookkeeper, sales manager and credit man, joining the office force in 1891 and retiring last September on account of ill health. He was deputy under Postmaster Samuel A. Jones during Cleveland's second administration. He was a Mason and a charter member of the Norwich club. Besides his widow, he leaves two daughters, Mrs. Grace Morley and Miss Margaret Stewart, and a grand-daughter, Ruth Morley, all of this city.

## LOCAL MENTION

There is talk among the automobile dealers relative to a spring showing of cars at the armory. The project is under consideration by Company G which may manage the show if one be held.

The lecture given at the Municipal building last evening by E. P. Christ, representative of a religious sect which has as its message, "Millions now living will never die," was quite largely attended and all listened with interest to his appeal for the establishment of the Kingdom of God upon the earth.

The residence formerly occupied by John S. Lauren at the corner of Elm and Center streets, now owned by J. C. Champlin residing on Rural route No. 1 from this city, has been leased for the summer months by H. W. Lee, who plans soon to commence building operations on Dietz street. The plan is to remove the present building from 60 Dietz street to 62 1/2 Dietz street and erect a modest residence on the former lot.

## COMPLETE CLEANING PLANT

Additional Working Space and New Machinery Make Hoffman Establishment One of Most Modern in State.

With the installation of new machinery in the addition recently built nearly completed, W. H. Hoffman has now one of the most complete cleaning and pressing establishments in New York state. The addition on the rear of his building at the corner of Main street and Hamilton avenue doubles the working space in the plant. It is of brick, 20 by 50 feet in size, of one story and basement, and is one of the most modern of fireproof constructions.

New equipment, nearly all of which has been installed, includes new washers, an additional pressing machine and a deodorizing appliance for removing the smell of gasolene which ordinarily clings to newly cleaned garments. Mr. Hoffman has now equipped his plant with a volume of work most quickly and in a manner highly satisfactory to patrons.

## INSURANCE OF EMPLOYEES.

Ice Cream Company Pays for Policy for Each Employee.

Presented in recognition of loyal service with the companies manufacturing Purity Ice Cream, C. E. Kilburn, President of the Oneonta Ice Cream and Affiliated companies announced yesterday the issuance of one hundred and twenty-five thousand dollars insurance on the lives of its employees.

The policies are included in what is known as "group insurance" and represent \$1,000 on the life of each employee for a term of six months or more. This amount is increased automatically with each successive year of such employment until the maximum of \$2,000 is reached. In the case of those who have been contingents for a period of ten years.

In commenting upon the matter Mr. Kilburn said:

"The success of our company in a large measure is attributed to the loyalty and efficiency of our employees. In appreciation of earnest and substantial effort and as an expression of our company places on the loyal cooperation of each employee, and with a wish to aid such employee in providing for his dependents in the event of his death or permanent disability, we have made arrangements with the Travelers Insurance company to insure the lives of all employees for the sum of \$1,000 each."

"In the event of death or permanent total disability of any employee insured under this policy his beneficiary will receive the sum of one thousand dollars in a lump sum or in installments in accordance with the terms of the contract."

"This insurance is provided entirely at the expense of the company. No deduction from wages or contributions of any kind will be required. It does not in any manner take the place of or interfere with the benefits of the Workmen's Compensation law or any other insurance that they may have but is an addition thereto. It is what we felt to be a substantial way of showing our appreciation for loyal and cooperative service."

## Meetings Today.

The Presbyterian Basketball team will meet at the trolley station this afternoon at 6:10.

## Topsy-Turvy.

Burning corn for fuel in our western states, with people starving in the world, when there is coal enough in one of our states to supply the country for years, is about the best kind of topsy-turvy that we have here in Oneonta where I give people a chance to make rent money pay for homes and farms and safely make small amounts roll up to millions of dollars. I play a live and let live game, in safely making a lonesome dollar of the little fellow earn as much as the dollar of the big fellow, with the same safety, yet many chumps don't know, think or care a darn. Look up the taxes that we pay in order to take care of them, besides having to pass the hat. Nuff sed. I'm the safe and sane Oneonta Building and Loan association. advt 1t

## WITH THE MEN'S CLUB

Musical Program Under Direction of Prof. Perry and Talk by Dr. Russell Feature the Meeting.

The men of the First Presbyterian church passed an enjoyable evening at the Sunday school auditorium last night, when they were entertained by several of the musical members of the Young People's society. Although Prof. E. P. Perry, director of music, prefaced the program with an explanation that it would of necessity be abbreviated as three or four of the numbers were omitted because of the inability of the entertainers to be present, the men were of the opinion that it is not always quality that counts.

The program was opened with a piano duet by Mrs. David H. Mills and Miss Frances Rowe, following which "Ed" Tully delighted with two popular songs, including Al Jolson's hit, "April Showers." Solos by Mrs. Harry L. Finch, LaVerne F. Pierce and Prof. Perry followed, and the program came to a close with a vocal duet by Mrs. Mills and Mr. Tully. All the evening was a happy combination of the varied popular and classical numbers proved a happy combination. Mrs. Mills was the accompanist. The men present expressed their enjoyment of the evening's entertainment and will welcome any future program which the Young People's society may present.

At the close of the musical program, Dr. Russell gave a brief address on Community work, apropos of the campaigns that are conducted in nearly every city to arouse the interest of the public welfare. He interspersed his remarks with bits of humor and his talk was keenly enjoyed by all. Afterward, light refreshments were served, bringing the meeting to a close.

## NO UNEMPLOYMENT HERE.

Mayor Miller Finds That City Has No Problem of the Kind.

At the request of the Mayor's conference, recently in session, Mayor Miller of this city has been asked to investigate as to the extent of unemployment in Oneonta. In accordance with the request, he sent out letters to a number of the large employers of labor, as well as others who are in touch with the conditions and the reports are in substantial accord that there is practically none in the city.

Secretary Hicks, who maintains an employment bureau at the Chamber offices and has during the past two years been successful in bringing the man and the job together in many instances, reports that he has found very little unemployment and that with the exception of three or four young men who are seeking clerical positions, he knows of no one who really wants work without it. Citizens should remember that he usually has on hand names of those who need help, and he deserves always to be kept in touch with any requiring work.

Miss Posten of the Family Social Work organization, whose work brings her in close touch always with the families where the wage earners are unable to find work, reports that there is no unemployment in the city. There are a few cases where physical handicaps prevent the individual from filling many positions, but otherwise those willing to work are supplied with a job so far as she has observed.

The manufacturers and employers of labor report to the same effect. Supt. Leamy of the D. & H. road reports that business has been exceptionally good on the road for the past three weeks, and that with the exception of certain classes of employees who have been given a day off at intervals during the past few weeks, there are none of the men on the company's lists now without work.

The situation relative to work is not to be compared with the housing situation, which is certainly more acute than at any time since the World war opened.

## Petline Billiard Parlor Opens Today.

The Postline Billiard parlor, into which the Boston Candy kitchen has been converted, will be open for business today. Messrs. Lambros and Georgeson, the proprietors, have spared no expense in outfitting the place and in giving it an attractive appearance. Six billiard tables of the latest design have been installed together with the necessary appointments. The soda fountain will be run as formerly and light lunches and new style hot dogs will be served. A full line of tobacco goods will be carried.

## Present Auxiliary with Silk Flags.

Following the meetings of the Spanish War Veterans and of the Colonel Walter Scott auxiliary held at the armory last evening, a supper was served by the ladies in the small dining room. After the repast, Sherman Stone, in behalf of the Spanish War Veterans, presented the auxiliary with a complete set of silk flags with staffs. The gift was much appreciated by the newly formed auxiliary. The event was keenly enjoyed by the 35 present.

## Japanese Novelties for Fair.

While on his recent trip to New York city, Attorney Arthur Seyditz purchased a large assortment of Japanese goods which will be placed on sale in the Japanese booth at the Elks' Fair, April 3-10. Mr. Seyditz reports that the fact that he belongs to 1212, enabled him to buy the goods at very reasonable prices and that the assortment contains Oriental novelties of a type never before seen in this city.

The total of the above items is \$33,102.54; and there is in addition \$1,583.88, which goes to the teachers' retirement fund.

The above figures do not include the city of Oneonta, which is a separate superintendent district, and of which the figures have not as yet been received.

## PHILHARMONIC ORCHESTRA

Holds Last Rehearsal Tomorrow in Preparation for Tuesday Concert

The last rehearsal of Gardner's Philharmonic orchestra will be held in Municipal hall tomorrow (Sunday) afternoon at four o'clock in preparation for the first concert of the season, which will be held Tuesday evening, March 14, at the Oneonta theatre.

Aside from the excellent orchestral numbers the program will include a tenor solo by Clifford Walsh and a violin quartette by John Brinkman, John Litcher, Warren Pratt and Robert Litcher. Every member of the orchestra is requested to be present at the rehearsal, as it is desired to make the concert one of the very best ever held.

## Missionary Playlet Presented.

The missionary playlet, "Ruth's Donation Party," which was given in the First Baptist church dining room last evening by 12 members of the Lamplighter World Wide guild, proved thoroughly enjoyable to the audience that filled the room. The play was given under the direction of Mrs. D. H. Woodward and Mrs. Cecil Parker, the counsellors of the guild. The proceeds from the silver collection amounted to about \$20 and will go into the Woman's Continuation fund for the New York Movement.

## Canvass of Membership.

On Sunday afternoon, March 12, the annual every-member canvass of the First Methodist Episcopal church will be made by a committee of the membership, duly named for that purpose. The canvass will begin at 2 o'clock and it is requested that members of the society plan to be at home when the canvassers call, in order that if possible the work may be completed during the afternoon.

## ELK TRIP AROUND WORLD

Some of the Attractive Features Planned to Delight Visitors at the Big Fair at the New Building April 3 to 9 Inclusive.

As a fitting prelude to the greatest indoor assembly of spectacular magnificence ever conceived in the form of joyous amusement and offered to the people of Central New York at the terminal of the Grand Central terminal, with trains coming and going, uniformed attendants and the hustle incident to travel will greet the tourists on their entrance to the Elk's trip around the world to be given in their new home during the week of April 2. The first stop is California, the land of sunshine and flowers, vividly reproducing even to the famous Hollywood section of movie fame with its wealth of charming girls, dancers, tea rooms and novelty stores.

Embarkation on a palatial ocean liner, the tourist is landed at Treasure Island where those curious and varied effects will be used, 250 people have been engaged, 100 original novelties, 50 concessions. Dinner served daily from 5:30 to 8 p. m. Dancing every night from 9 to 12. One admission ticket will be good for the entire week.

## Express Company to Move Offices.

After April 1 the American Railway Express company will be located in the store recently vacated by Bennie and Simons nearly across the street from the present location of the company at 22 Broad street, the premises having been leased from the owner of the block, Harvey W. Cowen, of Troy. The interior of the store will be altered to suit the requirements of the company. The new location has a distinct advantage over the old in being more readily accessible from the rear, thus making for quicker and more convenient handling of incoming and outgoing express.

New Star Automobile to Sell at \$318 Shown in Washington.  
A Washington dispatch says: The Star automobile, which in the coming car type sells at \$348 and is declared to be intended as a rival to the Ford machine, was on exhibition here today. The new product was designed by W. C. Durant, head of Durant Motors, Inc., and formerly the chief factor in the General Motors company.  
The touring car is a four-cylinder, five-passenger machine. The price for the car with self-starter and demountable rims is \$443. Other prices are Runabout, \$414; coupe, \$480; sedan, \$645. Production in quantity is promised on June 1 by Mr. Durant, who arrived here today, accompanied by the Presidents of the Continental Motor company, Detroit Traction Axle company, Hayes Wheel company and Auto-Lite company.  
The Star is advertised by the Starr Motor Car company of 511 Fifth avenue. It was planned to name the new automobile the Starr, but later it was decided to drop the last letter of the name.

Relatives and friends coming from Davenport Center, Harpersfield, Stateville and other towns in that section to pay respects to the memory of the good woman. A profusion of flowers was another indication of the esteem in which Mrs. Briggs was held. The services were in charge of Rev. Dr. Charles S. Pendleton of the Main Street Baptist church and his remarks were full of extollation of the many virtues of the deceased and of sympathy to the bereaved husband and sisters. Interment was at Glenwood cemetery in this city, the bearers being Guy Mattice, Elbert Hanson, William Hoffman, Claude Fish, J. Champion and George J. Gibbs.

**Death of Miss Beatrice Buskirk.**  
Word has been received by friends in this city of the death on February 25 at Saranac Lake of Miss Beatrice Buskirk, a graduate of the Oneonta Normal school in the class of 1919. The funeral was held on March 2 at Morris, where the deceased, Miss Buskirk was teaching at East Orange, N. J. when she contracted tuberculosis and was forced to go to Saranac about 10 months ago. She had many friends in this city who will learn of her death with sincere regret.

The cost of living has long been low, while its standard has remained high in the houses where it is used. Brand Excelsior is used in both kitchen and dining room.
